CL-SYSTEM

RELIABLE PROTECTION FOR TEMPERATURE SENSITIVE MEDICATIONS

STOROpack

PERFECT PROTECTIVE PACKAGING

HEALING POWER IS WHEN VITAL MEDICATIONS ARRIVE SAFELY.

Whether cytostatics, vaccines, parenterals or medical samples - pharmacies, clinics and laboratories often need to get important medications to patients in the ward or other locations uncompromised, often in a short period of time.

OPTIMAL TEMPERATURE GUARANTEED

Storopack's CL-System ensures that temperature sensitive medications and samples arrive at their destination at the appropriate temperature. This is made possible by the proven phase change material (PCM) technology of the accumulators made of robust, hard plastic, which guarantees temperature ranges down to -15°C, 2-8°C or 15-25°C in winter and summer alike.

The CL-System is the ideal solution for more than just the optimal temperature. The boxes for temperature-controlled transport close up tightly and feature additional sealing. They are also equipped with a liner so that the shipments can be conveniently prepared. The system solution is made of durable EPP, it can be used repeatedly, effectively cleaned, and still maintain its clean appearance for local and nationwide distibution.

TECHNICAL SPECIFICATIONS CL-SYSTEM

	5l			10 l			24 l		
External dimensions in mm	392 x 335 x 325			417 x 385 x 370			697 x 385 x 370		
Loading capacity in mm	170 x 170 x 180			210 x 210 x 229			490 x 210 x 229		
Payload in l	5			10			24		
Temperature range	-15 °C	2-8 °C	15-25 °C	-15 °C	2-8 °C	15-25 °C	-15 °C	2-8 °C	15-25 °C
Duration in hours	> 25	> 24	> 24	> 24	> 24	> 48	> 22	> 24	> 48

Designed for frequent use:
The CL-System can be reused well over 200 times.

THE BENEFITS OF THE CL-SYSTEM

- JUST THE RIGHT TEMPERATURE: OPTIMAL TEMPERATURE RANGE THANKS TO PCM ACCUMULATORS AND ONE PACK-OUT FOR ALL SEASONS
- SAFE: BOXES CLOSE UP TIGHTLY AND FEATURE ADDITIONAL SEALING
- QUALIFIED: BASED ON AFNOR NF S99-700
- ROBUST: EPP BOXES CAN BE USED REPEATEDLY WELL OVER 200 TIMES
- CLEAN: THE MATERIAL CAN BE EFFECTIVELY DISINFECTED
- COST-EFFECTIVE: REPEATED USE REDUCES COSTS AND CONSERVES RESOURCES
- SIMPLE: ALL SYSTEM COMPONENTS CAN BE REORDERED INDIVIDUALLY, THUS AVOIDING COSTS AND PROTECTING THE ENVIRONMENT
- PRACTICAL: ORDERS CAN BE COMMISSIONED DIRECTLY INTO THE LINER AND PREPARED IN ADVANCE, E.G. THE DAY BEFORE SHIPPING
- USER-FRIENDLY: A HANDLE FOR THE 5L AND 10L BOX AS WELL AS A BELT FOR THE 24L BOX MAKES CARRYING COMFORTABLE

„The new transportation solution from Storopack is a cost-effective, highly simple, and extremely reliable solution that makes it easier to manage the clinical routine. “

DR. STEFFEN PELZL,
HEAD PHARMACIST, SLK-KLINIKEN, HEILBRONN

The system solution consists of some optimally coordinated components that can be used repeatedly and reordered individually. If the box needs to be replaced, the accumulators, closure and carrying handle can still be used.

STOROPACK – PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

IT'S REASSURING WHEN YOUR MEDICATION ARRIVES SAFE AND SOUND.

Our insulated boxes and prequalified system solutions protect your temperature-sensitive products and ensure the optimum temperature range. Whether as disposable or robust, reusable solutions, our Medical Boxes get your products to their required destination at the right temperature.
