180+

One global network, giving you access to IP expertise everywhere you need it.

Supporting the full IP life cycle from IP protection to business growth

Your IP can drive innovation, expansion and long-term business growth. Getting there requires one partner that sees the whole picture.

1

Protect

Lay the right foundations for your intellectual assets.

- Assess what needs protecting and where
- Searches, drafting and filing
- Prosecution and enforcement

2

Manage

Bring structure, visibility and control to your IP portfolio, at any size.

- Renewals and payments
- Recordals and docketing
- Software and operational support

3

Grow

Position IP as an active contributor to business performance.

- IP strategy and analytics
- Portfolio optimization
- Valuation and monetization

Expert IP services designed around your needs

Startups

Secure your core inventions and brands, while making the most of limited resources.

Enterprises

Coordinate portfolios and stakeholders across jurisdictions you operate in, through solutions that scale with you.

Legal teams and law firms

Simplify workflows and manage deadlines, backed by specialist legal and operational support.

Universities and research

Protect your research, brands and designs, with support from concept to market.
