K STARTUP CENTER PARIS

Korea Startup Center

코리아스타트업센터

Korea Startup Center (KSC)

The Korea Startup Center Paris is located at *Station F in France, the world's largest startup campus. It supports startups seeking to enter France and the broader European market by providing settlement assistance, business development support, and stage-specific programs based on each company's growth stage, including expert mentoring, partner networking, and investor matchmaking. Companies entering the Paris office benefit from access to France's largest startup ecosystem.

* Station F : The world's largest startup campus, hosting over 1,000 startups, more than 30 programs, and over 1,300 mentoring sessions and workshops led by major corporations and government experts.

Center Location

Station F, Paris, France

World's Largest Startup Campus

Located approximately 40 minutes by car from Charles de Gaulle International Airport.

* Address: 5 Parvis Alan Turing, 75013 Paris
* On-site Capacity: Up to 15 resident startups
* Staff: 1 Center Director, 1 Program Director, and 2 PMs
* Facilities: Meeting rooms, open office space, cafeteria, etc.

About Station F

As the world's largest startup campus, Station F accommodates over 1,000 startups and provides acceleration programs for startups.

* Over 1,000 startups, more than 30 programs
* Over 130 workshops and lectures led by major corporations and government mentors

Startup Support Ecosystem

Station F is a globally recognized startup ecosystem, where national-level startup support initiatives foster investment attraction and local business establishment.

* Dedicated zones for networking events (Share Zone)
* Acceleration and incubation zones (Create Zone)
* Relaxation and wellness areas (Chill Zone)

Support Programs

Growth-stage support enabling startups to expand from market entry to business development and investor engagement.

Start-UP (Market Entry)

· Incubation support and market entry guidance

· Local regulations, policies, and market insights

Scale-Up (Growth)

· Expert mentoring

· Access to major European tech events and demo days (Viva tech, K-Startup day etc.)

Follow-Up (Post-Acceleration)

· Alumni networking and continued engagement through KSC programs

· Partner connections supporting local expansion and market scaling
