运动套装 SPORTSWEAR SET

专为日常健身、户外慢跑及休闲活动设计，上下装版型贴合身形却不束缚动作，简约线条搭配活力配色，兼顾运动功能性与日常穿搭感，轻松适配多种运动场景与休闲时刻。

Designed specifically for daily fitness, outdoor jogging and leisure activities, the upper and lower garment silhouettes fit the body shape without restricting movements. The simple lines combined with vibrant color schemes balance the functionality of sports and the sense of daily wear, easily adapting to various sports scenarios and leisure moments.

采用高品质透气速干面料，核心成分为聚酯纤维与氨纶混纺，兼具三大优势：

- 透气性：面料表面密布微气孔，加速汗液蒸发，运动中保持体表干爽；
- 弹性十足：含适量氨纶成分，拉伸回弹性能优异，深蹲、跳跃等大幅度动作也能灵活舒展；
- 耐磨抗皱：面料质地坚韧，反复穿着不易起球，机洗后仍能保持挺括版型，减少打理负担。

It adopts high-quality breathable and quick-drying fabric, with the core components being a blend of polyester fiber and spandex, and features three major advantages:

- Breathability: The fabric surface is densely covered with micro-pores, accelerating the evaporation of sweat and keeping the body surface dry during exercise.
- Highly elastic: Containing an appropriate amount of spandex, it has excellent tensile resilience, allowing for flexible stretching even during large-scale movements such as squats and jumps.
- Wear-resistant and wrinkle-resistant: The fabric is tough in texture, does not pill easily after repeated wearing, and maintains a crisp shape even after machine washing, reducing the burden of care.

2 \ 女装
WOMEN'S CLOTHING

女装融合时尚与实用设计，适配日常通勤、休闲聚会及特别场合，款式涵盖连衣裙、裤装套装、上衣等，满足多样风格需求。设计紧跟潮流，运用热门剪裁、配色与装饰细节，兼顾人体工学，确保舒适自如。

Women's clothing combines fashion and practical design, suitable for daily commutes, casual gatherings and special occasions. The styles include dresses, trouser sets, tops, etc., meeting diverse style demands. The design keeps up with the latest trends, employing popular cuts, color schemes and decorative details, while also taking ergonomics into account to ensure comfort and ease.

面料特色 / Fabric features

高品质棉混纺 High-quality cotton blend	60% 棉与聚酯纤维混纺，棉纤维柔软亲肤、吸湿透气，适合贴身穿著；聚酯纤维提升耐磨性与抗皱性，久穿易打理，保持版型美观。 60% cotton and polyester fiber blend. Cotton fibers are soft, skin-friendly, moisture-absorbent and breathable, suitable for close-fitting wear. Polyester fiber enhances wear resistance and wrinkle resistance, is easy to maintain after long-term wear, and keeps the style beautiful.
精致蕾丝 Exquisite lace	领口、袖口等部位采用优质蕾丝，花纹细腻，增添柔美精致感，且透气有弹性，与主体面料搭配和谐无束缚。 The collar, cuffs and other parts are made of high-quality lace, with fine patterns, adding a soft and delicate touch. It is also breathable and elastic, and pairs harmoniously with the main fabric without any constraints.
顺滑莫代尔 Smooth Modal	内衬为莫代尔材质，触感顺滑如丝绸，减少摩擦，吸湿性优于棉，染色性佳，颜色鲜艳持久，与外层面料相得益彰。 The inner lining is made of modal material, which feels as smooth as silk, reducing friction. It has better moisture absorption than cotton, excellent dyeability, bright and long-lasting colors, and complements the outer fabric perfectly.
