CLASH & COUTURE COLLECTION SS 27

A highly intellectual color collision. **The CLASH & COUTURE** collection claims the codes of the classic wardrobe only to shake them up. Rigorous neutrals — Chocolat, Sand, Black, and Nacre Blanche — serve as a sharp backdrop for saturated bursts of Ultra Red, Thé Vert Émeraude, Electric Blue, Light Blue, and Baby Pink.

#CHROMATIC STATEMENT

Yasss
HANDMADE

Pure, unapologetic color drama. **The CHROMATIC STATEMENT** capsule injects a high-voltage, editorial energy into the collection. It features an intellectual and vibrant color play where deep, architectural navy blue collides with magnetic emerald green and the fierce rebellion of bright red. Subversive sky blue cuts through the tension, while a graphic foundation of absolute black and shimmering pearly white structures these high-contrast, statement-making silhouettes.

The art of understated sophistication.

The SILENT LUXURY capsule shifts the narrative toward texture, form, and quiet confidence. Grounded in a refined, earthy color palette, it moves seamlessly through deep brown, sand and green. Delicate whispers of pale pink soften the aesthetic, balanced by the timeless grounding of sharp black and luminous pearly white.

This capsule rejects the noise to celebrate the luxury of time and touch. It focuses on the intricate beauty of artisanal mastery, offering structural, voluminous pieces that speak in a whisper but make an indelible impact.
