/BRAND INTRODUCTION/

/FEMALE ENERGY/

GROSMOTT was founded in 2021. It continues to explore female power from multiple dimensions, integrating athletic performance and multi-identity design into footwear and accessories. Empowering the inner tension of contemporary women, it explores the boundaries between strength and beauty, shaping a healthy, unadorned strength-beauty and interpreting the authentic complexity of female power.

Drawing inspiration from women's boxing history, GROSMOTT reimagines masculine boxing boots through feminine elements like satin and almond toes. The brand has gained recognition within the industry, securing interviews and coverage from publications including VOGUE, V, i-D China, ELLE, GQ, Traveler, W magazine, Another Man, T magazine, Wonderland, Wallpaper, Nylon, alongside collaboration invitations from international fashion brands. Working with Chinese/global best buyers and Boutiques, such as Galeries Lafayette/ LMDS/ PRO/ hug/ I INC/ J1M5/ Nound Nound...
