ROSZUAR

TO THOSE WHO RECOGNIZE ART
IN EVERY DETAIL

Bringing ROSZUAR to life has been a journey of purpose, creativity, and renewal.

This maison was born from the desire to transform leather into timeless sculptural pieces that transcend fashion and become enduring symbols of elegance and purpose.

Each handbag in the Orígenes Collection embodies the vision behind ROSZUAR—bringing together architecture, sculpture, and Colombian craftsmanship in a contemporary expression of quiet luxury.

These creations are designed for women who find beauty in the art of reinventing themselves and strength in what endures.

It is an honor to present this inaugural collection, created with dedication and a commitment to crafting objects of enduring beauty for those who truly appreciate exceptional craftsmanship and timeless design.

With gratitude and vision,
