SS27 COLLECTION

"PORTEUR"

The "Porteur" collection explores the intimate relationship between an individual and their personal history. Through the figure of a person carrying a vessel made up of everyday objects, the mural evokes everything we carry with us: memories, experiences, heritage, values and emotions.

Engraved in different orientations throughout the collection, the mural offers multiple readings of the same story, reflecting the way each individual interprets and makes a garment their own.

COASTAL COLOURS

Inspired by the marine world, this summer range reinterprets seaside codes through a more contemporary and natural lens. The tones appear sun-bleached, as if softened by light and salt.

Moving away from traditional navy blue, the FOAM range offers a softer, brighter interpretation of nautical style, where freshness, authenticity and outdoor elegance come together.
