MMMQ FACE JEWELRY COLLECTION

"mormormor" embodies three core principles. First, it transcends traditional jewelry, acting as an art piece that serves a purpose. Second, it celebrates humanity; catering to both maker and customer in a genderless way. Lastly, it embraces environmental consciousness, featuring versatile designs and some crafted from reclaimed materials. Together, these elements redefine what jewelry can be, merging beauty with meaning and responsibility.

SHORT NECKLACE

SHORE EARRING

The design of our art pieces is deeply rooted in my daily experiences, particularly the tranquil scene of fishermen casting their lines along the shoreline in my hometown. This picturesque setting serves as a constant reminder of the beauty and serenity of nature. Therefore, the jewelry pieces are inspired by the humble yet essential tool of the fisherman's hook, our art pieces encapsulate the simplicity and functionality of this object. Each piece is crafted with meticulous attention to detail, paying homage to the timeless allure of fishing and the harmony between man and nature.

LOVE POTTON COLLECTION

Most of Thai people believes in supernatural. We design "A Drop of Love Potion" that come from Rose Quartz (the stone of love) and put on "Safety Pin" (Thai people's beliefs use safety pin to carry sacred things on the cloth for peace of mind), but we design to carry "Drop of Love Potion "on the body for a full of love.
