STANDARD

Care — Durability — Flexibility — Reliability — Service

- Length of each module: 2900 mm (9' - 6 3/16)
- Maximum ratio between usable area, feeding space and perches
- Drinking lines in front of the nests
- Excellent overview and easy inspection
- Staggered terraces and foldable/self-supporting perches facilitate the movement of the animals between the various levels
- Perfect location of feeding and drinking to stimulate the movement of the hens through the floors without blocking the access to the laying nest
- Inspection trolleys on the nests side to inspect the top floor in total safety
- Automatic expeller of the hens from the nest with rocking function
- Disassembling of the laying nest for an easy inspection and cleaning
- Feet in stainless steel
- Available also in multi-tier configuration with intermediate catwalks

VOLO PIRAMIDE 2 and 3 tiers, features the distinctive stepped terrace profile that decreases from the first (lower) to the third (upper) tier offering the best conditions for the animals' daily mobility, together with the well-designed placement of mobile and self-supporting perches.
