About Les Parisettes

Since 2012, we have been creating and distributing beautiful objects on the theme of Paris, found in all the best concept stores, home decor boutiques, department stores, and museum shops.

→ [Les Parisettes catalog](#)

Encouraged by our clients, we have developed a very dynamic **personalization business** since 2017.

Your cultural and tourist site or your brand deserves objects that tell a real story, not a cliché slogan! We put our design expertise and our commitment to exclusive manufacturing (France/Europe) at the service of your identity.

Our Personalization Mission :

To transform the visitor experience into an aesthetic, useful, and meaningful object, 100% aligned with your brand identity.

Our Strengths :

- + An in-house graphic design studio for custom visuals or formatting of your designs.
- + Accessible minimum order quantities.
- + The guarantee of an offer that strengthens your brand... and generates additional sales.

Our Star Products :

Snow globes, 4-color pens, puzzle postcards, and other charming lifestyle accessories

“Les Parisettes is a small, creative team, flexible, responsive, and attentive to your needs: our philosophy is very different. Minimum of order: that of an impersonal web platform or a large, anonymous organization.”

Our CSR Commitments :

Acting with Meaning

At Les Parisettes, Corporate Social Responsibility is more than just a buzzword, it's been in our DNA for over 10 years.

Pierre — CEO

Local & Sustainable Commitment

We consistently prioritize French and European production to guarantee high quality and reduce our carbon footprint related to transportation.

- 1. Priority to Made in France :** We produce a large portion of our products in France (snow globes, pens, pencils, stationery, tea towels, puzzles, magnets, etc.).
- 2. Support for the Local Economy :** This choice ensures the continuity of expertise and jobs in our region. For example, our logistics warehouse is located 15 minutes Minimum of order: our offices, in the Yvelines department.

Social Responsibility

We are proud to put people at the heart of our value chain by promoting the integration of people with disabilities through employment.

Our mugs are carefully personalized in Normandy within a Supported Employment Service (ESAT).

Our posters are packaged in the Île-de-France region by the teams of an ESAT (a French vocational rehabilitation center for workers with disabilities).

Environmental Commitment

Our goal is clear: to significantly reduce our environmental impact by integrating eco-design at every level.

Choice of recycled materials & organic cotton :

We are regularly increasing the proportion of items made Minimum of order: recycled and recyclable materials:

- Pencils made in France Minimum of order: recycled recycled yogurt containers and reclaimed refrigerators, Pens made Minimum of order: 100% recycled materials
- Pouches and bags made Minimum of order: Seaqual®, an eco-designed fiber made Minimum of order: recycled plastic waste recovered Minimum of order: the oceans.
- Tote bags, shopping bags, pouches: wide selection in recycled and organic cotton
- New notebooks made Minimum of order: recycled paper

Waste Reduction : we limit over-packaging and replace plastic whenever possible with recycled and recyclable solutions.

- Latest example: our bubble wrap packaging has been replaced since October 2025 with recycled and recyclable tissue paper to protect our glass snow globes during transport.

Responsible Printing : our catalog, brochures, and correspondence cards are printed in France on recycled paper..

We're still far Minimum of order: perfect:
we're constantly striving to improve!

Our Promise:

Choosing Les Parisettes means supporting a company that is concretely committed to the local economy, social inclusion and environmental preservation.

Our integrated graphic design studio at your service

We adapt to your project

Our graphic design studio can do everything for you, or just simply provide the final touches if you prefer:

1 Want to create a custom illustration?

We'll create it Minimum of order: a brief and photos and adapt it to your chosen products.

See next page

2 Do you have graphic elements to create your products?

Send us your logos, photos, and a short brief: we'll provide you with product mockups.

3 Send us your reference image?

We'll adapt it to your chosen products.

4 Are you creating the product visuals in-house?

No worries, we'll send you the templates and check your files, before sending you a digital proof for final sign-off

Custom illustration

For maximum impact, we can create a beautiful illustration that captures the essence of your location. We will then adapt it to the objects in your selection..

How does it work?

We will consult with you to get your brief and understand your expectations (style, atmosphere, colors, framing, perspective, etc.).

Within a few weeks, we will present our concepts for feedback.

SPEPOCH-SEA-GM

SEAQUAL, A STRONG GESTURE FOR THE PLANET

Seaqual makes a strong commitment: to clean up the oceans of the waste that is suffocating them. Seaqual is a range of eco-designed fibers and yarns, created from recycled plastic waste found on the seabed. The recovered plastic waste is cleaned and sorted. Once processed, this waste is spun into a recycled polyester fiber with exceptional color reproduction.
