

The background is a vibrant, abstract composition featuring a variety of colorful, wavy, and squiggly lines in shades of purple, green, yellow, red, and blue. Interspersed among these lines are numerous small, solid-colored circles in matching hues. The overall effect is a dynamic and celebratory pattern.

2026 SOCKS

LAST EDIT 8 JULY

HELLO!

Welcome to the latest Joe Cool digital sock catalogue. View it on your preferred device or print the PDF for a hard copy. Socks sales continue to expand and our range has grown accordingly. You will see a noticeable increase in M/L size designs and an even larger and more eclectic selection of S/M sizes. There are more socks specifically catering for children and this year we are very pleased to bring to the collection, for the first time, a selection of interesting, quality tights. We cater to a wide variety of markets and within these pages hope you will find an interesting selection from which to build and enhance your range. New styles are added regularly throughout the season so please do check our website for the latest products, seasonal lines and special offers. We realise it is sometimes difficult to ascertain the exact quality, texture or colour from a picture so we are happy to provide samples on request.

GUIDE

Sizes: Our range of socks is designed to cater for all in the simplest way;

S/M - 'one size fits most' women (UK 4-7; EU 37-40; US6-9).

M/L - 'one size fits most' men (UK 7-11; EU 40-45; US 7.5 -11.5).

Childrens socks are sized by age group.

Style: Most designs are 'regular' style. We also do a range of 'no-show' and 'ankle', as specified.

Material: The majority of our socks have a high cotton or wool content, typically a minimum of 75%, together with spandex. The composition is shown on the website.

All socks are supplied in packs of 6 pairs unless stated otherwise.

PRICES:

The prices quoted in the catalogue are 'ex-works' and are subject to change without notice.

Shortly after placing an order you will receive a 'Confirmation of order' which you should check to make sure the prices are as ordered or are acceptable.

Prices are revised early each year to take account of currency movements and changes in costs which have occurred in the previous 12 months. We aim to provide our customers with the best items, quickly and at the best prices. Sometimes these aims are mutually exclusive but we will not sell identical products at a price higher than competitors. If you find an item we are selling elsewhere at a lower price please advise us and we will sell that item to you at that lower price.

There is no minimum order but orders of less than £100 (€120, \$140) will be surcharged £10.00 (€12,\$14) for handling and packing.

The minimum quantity that can be ordered of a particular item is a pack. The pack quantity is noted in the catalogue.

DELIVERY TIME

Wholesale orders for items which are in stock will be despatched within 48 hours. Items which are not in stock will be recorded as a 'balance of order' and if economic will be despatched when they become available with shipping at our expense.

Orders requiring special packing and orders for large quantities will take longer to despatch. If 'time is of the essence' then it should be noted on the order and the required delivery 'window' specified by earliest and latest dates.
