Learn more about our products

- Our products are made in the **Czech Republic**, in the so-called Crystal Valley, a region famous for glass production with the highest concentration of talented painters.
- We handcraft high-quality products from the **finest beech wood** and also use other **certified natural materials**.
- Our **talented painters** breathe life into each figurine, creating original pieces. Every brushstroke is evidence of precise workmanship.
- We ship our products **worldwide**, carefully packaged to prevent damage during transport. We offer an individual approach to accommodate **customers with smaller or larger volumes**.
- We are constantly expanding our range with **new models**, and **custom manufacturing** is also an integral part of our production.
