HOMMAGE

*Par Thomas Keller
Création Level*

“Hommage”, comme un autre point de vue sur la gastronomie, une porcelaine très blanche, très plate, avec des assiettes aux ailes très larges, des formes issues de figures géométriques et de leur superposition : une porcelaine élémentaire. La simplicité de “Hommage” est à la fois inspiratrice et faire-valoir, elle participe à la mise en scène sans ostentation.

Une porcelaine, fabriquée à Limoges par Raynaud, à découvrir tout au long d’une promenade gastronomique, de la préparation en cuisine à la dégustation, au travers des réalisations majeures de Thomas Keller chez per se à New-York.

“Hommage” is like another point of view; “Hommage” is very white, very flat porcelain; generously wide rimmed and superimposed with shapes to inspire the chef and enhance the food.

“Hommage” is an unostentatious part of the set up and can be used from preparation in the kitchen to tasting in the restaurant.

The porcelain is manufactured by Raynaud in Limoges. Designed by Level for Thomas Keller and found in per se New York.
