

OUR STORY

Two mills, one conviction:
Précy-sur-Marne (77), 30 km
from Paris, and Aiserey (21)
in Burgundy. Stone-milling
specialists since 1840 and
organic pioneers since 1971.

Since 2020, one clear
ambition: putting local
sourcing, quality and purpose
back at the heart of our craft.
Upgraded equipment, a
reinforced technical team,
and organic supply chains in
Burgundy–Franche-Comté.

Today, we work closely
with our farming
partners to produce
flours with real taste, a
true origin, and genuine
consistency.
