Self-service dog washing machine

About us

Wash Dog Machines has been on the market since 2016. We are the largest manufacturer of self-service dog washing machines in Poland and one of the leading ones in Europe.

Wash Dog Machines is a family-owned business where we exclusively manufacture dog washing machines. We are also dog breeders and owners. Each of our machines is born out of passion and is a response to the needs of dog owners. Starting with the idea, designing the device, selecting the highest quality materials and components, we go on to manufacture the machine. Years of experience and thousands of dogs washed and dried in our washes testify to our professionalism.

Wash Dog Machines' customers appreciate the top quality of the equipment they purchase, the timeliness of delivery, the advice and support at every stage and the after-warranty service. The number of completed contracts is proof that we produce the best dog washing machines.

We invite you to familiarise yourself with the offer of our company. Join the group of happy owners and users of self-service Wash Dog Machines.

Trailer

PRODUCTS
AND PRICES

The trailer for the self-service dog wash is a ready-made business. It has been designed so that the self-service dog washing station can stand where its customers are. The trailer has all the necessary installations for the machine to operate. All you need to do is connect it to cold water and electricity and you are up and running.

The trailer is sleek, elegant and aesthetically pleasing. It generates great interest wherever it appears. With the trailer, you and your business can be in a different location every day. The trailer just needs to be parked, connected to water and electricity and you are ready to wash and dry your dogs. It is ideal for picnics, dog shows or at beaches. You choose where and when you want to be with your business.

Included in price

- ✓ Connections inside the trailer to connect the wash station to water and electricity
- ✓ External water drain
- ✓ Ramp
- ✓ LED interior lighting
- ✓ Window opening to the outside
- ✓ Two axles for stability
- ✓ External stickers (without Wash Dog EXPRESS logo)
