

From classic to the latest trends;
all you need to know about yarn.

From collecting yarn information to contacting yarn suppliers,
and even downloading yarn data, yarnbank® is your ideal partner.

Digital yarn sourcing web service

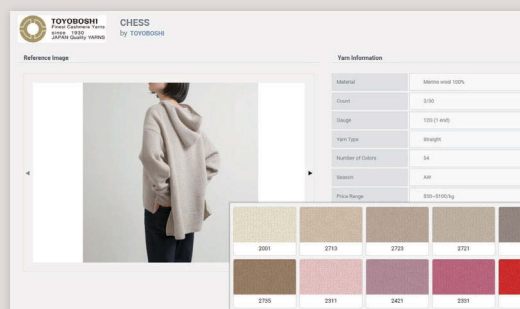

Find Yarn

Catch up on the latest materials and recommendations from yarn suppliers around the world. Search by yarn number, season, material, color, price range and more to find the perfect yarn for your project.

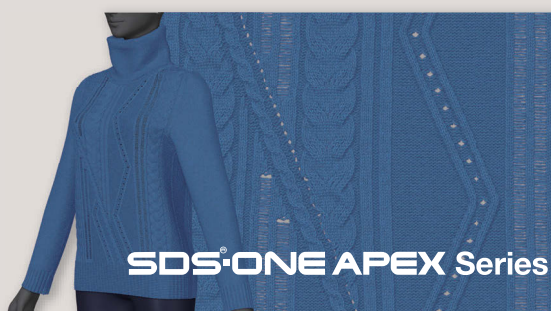

Know Yarn

Get to know yarns from different perspectives, including stock colors, swatches and product photos and receive design inspiration not available from typical color books. Once you find your favorite yarn, you can contact the yarn supplier directly.

Try Yarn

Yarn data for use with SDS®-ONE APEX Series is available for download. With the industry's No. 1 knitting and textile fabrics simulations, SDS®-ONE APEX promotes more efficient product planning and sustainable manufacturing.
