

## HIGH QUALITY WOVEN FABRICS SINCE 1964

Winnitex is the leading global manufacturer of high-quality woven textile fabrics, primarily engaged in fabric design, manufacturing, sales, and distribution. Our facilities are strategically located in Vietnam, China and Central America.

As a family-found business, Winnitex began in 1964 in Hong Kong with 50 employees. Today, Winnitex employs over 3,000 people globally, providing dyed woven fabrics to apparel, workwear and performance customers around the world.

We have complete control over our fabric production processes, ensuring the highest quality goods and enabling you to confidently trace your products back to the raw material source.

• CENTRAL AMERICA • CHINA • VIETNAM

## TRACEABILITY

Production data can be traced according to the unique bar code on each fabric roll by Winnitex developed ERP system

System capable of tracking materials from fiber to finished fabric, including cotton origin, processes and chemistries

Factory keeps fabric head ends for at least one year, which allow easy review of fabric quality if needed

## FUNCTIONAL PERFORMANCE

STRETCH

HIGH VIS

PFAS-FREE  
WATER REPELLENCY

PFAS-FREE  
STAIN RELEASE

COOLING

WRINKLE RESISTANT

ODOR CONTROL

UV PROTECTION

HIGH ABRASION

QUICK DRY

THERMO-REGULATION

INDUSTRIAL LAUNDRY

MILL CAPACITIES

TOTAL DYEING CAPACITY: 15 million yards/month

FIBER OPTIONS:

VIETNAM

**FTA**  
Signatory to EVFTA, UKFTA, CPTPP

**SPINNING**  
Capabilities: Spins special fibers like Cordura® and Sorona®

**WEAVING**

- Capacity: 8 million yds/month
- Fabrics: High-stretch, two ways stretch fabrics

**DYEING & FINISHING**

- Capacity: 8 million yds/month
- Dyeing Types: Reactive, vat, disperse, pigment, hi-vis
- Finishes: Wrinkle-free, soil release, PFAS-free DWR, wicking, coating

NICARAGUA

**FTA**  
Benefits from CAFTA-DR

**SPINNING**  
Capabilities: Dual core ring, siro, combed spinning, sampling

**WEAVING**

- Capacity: 3 million yds/month
- Fabrics: High-stretch, two ways stretch fabrics

**DYEING & FINISHING**

- Capacity: 3 million yds/month
- Dyeing Types: Reactive, vat, disperse, pigment, hi-vis
- Finishes: Wrinkle-free, soil release, PFAS-free DWR, wicking, microsands

CHINA

**FACILITY**  
New, relocated in 2022

**DYEING & FINISHING**

- Capacity: 4 million yds/month
- Dyeing Types: Reactive, vat, disperse, pigment, hi-vis
- Finishes: Wrinkle-free, soil-release, PFAS-free DWR, wicking, coating
