

A Window to a World Beyond

 **DONGIL** Knit Textile Division

## A Global Company Creating Future Value

### Over 70 Years of Expertise and Tradition

Founded in 1955, we are one of Korea's leading textile companies with more than 70 years of industry experience.

Through decades of dedication and accumulated expertise, we set uncompromising standards for quality.

### Comprehensive Textile Business Solutions

From yarn spinning and knitting/weaving to yarn dyeing, sewing thread, and embroidery thread production, we operate an integrated textile manufacturing system covering the entire production process.

Based on our vertically integrated system, we deliver consistent and reliable quality.

### Global Network

Headquartered in Korea, we have established global production networks across key regions including Vietnam, Indonesia, and China.

With our advanced global network, we build stable and trusted business partnerships worldwide.

**Driven by strong product competitiveness,  
we continuously take on new challenges to expand customer value  
and become a window to a broader future.**
