

Polifil

... for a better knitted world.

HayFIL
Round Bale Netwrap

About Us

POLIFIL is specialized in manufacturing knitted nets, servicing mainly the agricultural and packaging sectors. Founded in 1984, it has continuously grown and modernized its machinery park. Latest technology quality control systems are always applied. *“Polifil culture”* is maintained through believing in *“the people”* and encouraging continuous development. Reliable service and quality are the main emphasis, with continuous customer satisfaction as the ultimate goal. Exports are made to all over the world, with products designed specifically for individual market conditions.

Products are made from virgin HDPE (high density polyethylene) and include round bale hay nets, palletizing nets, automatic and single net bags for fruits and vegetables, shading nets for agriculture and tourism, scaffolding, protection nets and other innovative products - *“all knitted for a better world.”*

HayFIL

Distinctions

- Customized mesh design
- UV stabilized specifically for different regions
- Ideal tensile strenght
- Maximum bale coverage
- Usable on all kinds of crops and balers
- Uniform winding
- Traceability for each roll
- DLG Signum certified product

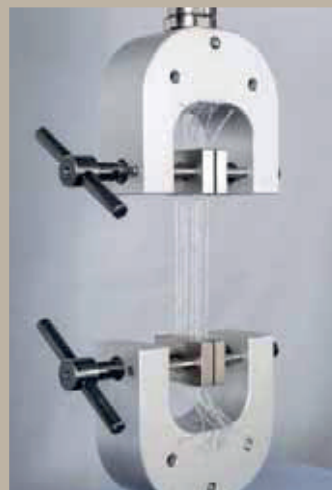

Features

- Certified lenght
- End roll warning stripe
- Coloured side indication
- Accurate roll diameter
- %100 virgin material
- Resistant core
- Stretch hood packaging
- Easy handling

Quality

Our products are *continuously* tested and improved for better UV aging and tensile strength.

HayFIL Comfort

Width (cm)	123/125				
Weight (gr/m) approx.	10,5				
Tensile Strength (kg)	250-270				
Length (mt/roll)	2000		3000		3600
Rolls/Pallet	40	45	28	32	28
Pallet Dimensions (cm)*	110x130x210	110x130x230	110x130x200	110x130x230	110x130x220

HayFIL Medium

Width (cm)	123/125				
Weight (gr/m) approx.	11,5				
Tensile Strength (kg)	270-300				
Length (mt/roll)	2000		3000		3600
Rolls/Pallet	32	36	28	32	28
Pallet Dimensions (cm)*	110x130x220	110x130x240	110x130x210	110x130x240	110x130x230

HayFIL Mega

Width (cm)	123/125	
Weight (gr/m) approx.	13	
Tensile Strength (kg)	300-320	
Length (mt/roll)	2000	3000
Rolls/Pallet	32	32
Pallet Dimensions (cm)*	110x130x220	110x130x235

HayFIL XXUltra

Width (cm)	123/125	
Weight (gr/m) approx.	10,5	
Tensile Strength (kg)	>320	
Length (mt/roll)	2000	
Rolls/Pallet	40	45
Pallet Dimensions (cm)*	110x130x210	110x130x230

* Width x Length x Height

General Properties

mesh	normal + extra mesh variations
widths produced (cm)	50 - 175
material	virgin hdpe + uv + antistatic
internal core diameter (mm)	76
elongation	approx 20%
pallets/truck	22
pallets per 20" / 40" container	8 / 18
rolls packing	customized printed sleeves
pallet packing	stretch hood
