

Customs intelligence for a more open world

The hub for optimising and securing
your communications

conex.net

conex
Your customs partner

Our vision

conex envisions a global marketplace where customs and security data exchanges are seamless, interoperable and secured by the most advanced technologies. We want to make our offering a catalyst for business competitiveness.

OUR AMBITION:

Building a hub for optimising and securing exchanges where data becomes a strategic asset and where each transaction contributes to a more agile and intelligent ecosystem.

**INNOVATION AND
CUSTOMS INTELLIGENCE
FOR A WORLD WITHOUT
BORDERS**

Innovation and R&D

Avant-gardist, we enjoy exploring possibilities and testing them before others do. Curiosity and agility make us trailblazers.

We anticipate change by taking advantage of new technologies.

////
A FORWARD-LOOKING VISION

////
AN AGILE AND PIONEERING TEAM

////
A CREATIVE DYNAMIC

**THE WILL TO
CONTINUALLY
GO FURTHER**

Performance

Our solutions maximise your productivity by automating and optimising data processing while securing every electronic exchange.

They ensure end-to-end reliability and traceability of your operations.

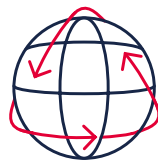

////
STRATEGIC ADVANTAGE

////
INTELLIGENT AUTOMATION

////
OPERATIONAL EFFICIENCY

**TURN YOUR
REGULATORY
CONSTRAINTS INTO
STRATEGIC DATA**

Our mission

conex is rethinking customs flow management and your international trade management by propelling them into the digital age. Our software suite, enhanced by artificial intelligence, secured by blockchain and interconnected, streamlines every stage of data exchange.

**DATA FLOW
DIGITALISATION,
SECURITY AND
OPTIMISATION**

conex guarantees regulatory compliance, robust traceability and process optimisation. Supported by European subsidiaries and a global network of strategic partners, we are building an international digital infrastructure that connects businesses and administrations.

By your side, every step of the way

As trusted experts and advisors, we support you in your projects by analysing your needs, guiding you, deploying tailored digital solutions and training you in the use of tools and regulatory aspects. Our solid business knowledge is a strength that will boost your performance.

A STRATEGIC PRESENCE

OPERATIONAL MONITORING

**A MULTI-LANGUAGE, MULTI-COUNTRY
HELPDESK SERVICE**

**CONEX, YOUR DIGITAL
CUSTOMS PARTNER**

An innovative and multi-country software suite for end-to-end customs clearance

PRE- DECLARATIVE

- Collaborative and strategic data management
- Easy interoperability with all IT systems
- Solution interconnection

DECLARATIVE

- Pre-customs clearance security formalities
- Import/export/special procedure customs formalities
- Connection to customs systems

POST- DECLARATIVE
