Jacquard Collection

Technically developed fabrics featuring engineered surface structures and decorative knit techniques. Includes eyelet, pointelle, 3D texture jacquard achieved through specialized yarn selection and knitting control. Designed to deliver dimensional texture, structural integrity, and stable performance.

DI26-J-10022
Cotton Span Jacquard

A close-up photograph of a reddish-brown fabric with a fine, uniform knit texture. A horizontal seam is visible near the bottom of the frame.

DI26-J-20141
CVC Pointelle Jacquard

A close-up photograph of an olive-green fabric featuring a vertical ribbed texture with small, regularly spaced indentations (pointelle) along the ribs.

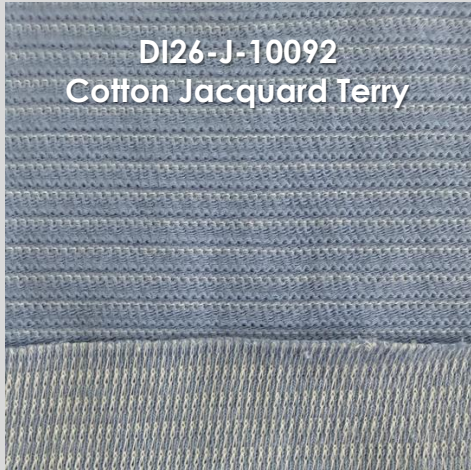

DI26-J-20097
CVC Textured Jacquard

A close-up photograph of a bright yellow fabric with a pronounced, wavy 3D texture across the entire surface.

DI26-J-10104
Heritage Pattern Jacquard

A close-up photograph of a fabric with a complex plaid or check pattern in shades of blue, green, and white. The pattern is overlaid on a fine knit background.

DI26-J-10092
Cotton Jacquard Terry

A close-up photograph of a blue fabric with a horizontal ribbed texture. The bottom portion of the image shows a folded edge, revealing a terry cloth looped texture.

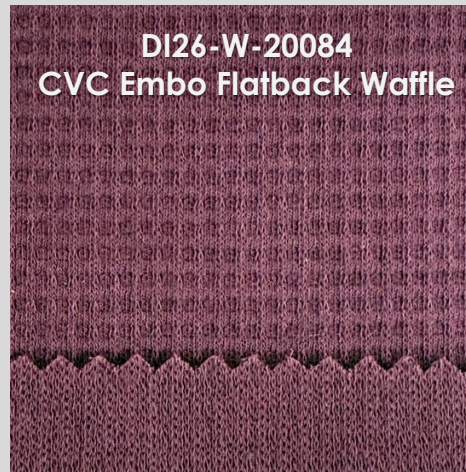

DI26-J-20086
CVC Eyelet Jacquard

A close-up photograph of a light blue fabric featuring a diagonal ribbed texture with small, regularly spaced eyelet holes.

Waffle & Double Knit Collection

Technically developed fabrics featuring engineered surface structures and decorative knit techniques. Includes crinkle jersey, pointelle, waffle, tweed constructions Engineered through advanced knitting techniques, they balance breathability, structure, and refined detailing for elevated design expression. Ideal for both timeless and contemporary styles, these fabrics bring dimension and craftsmanship to modern knitwear.

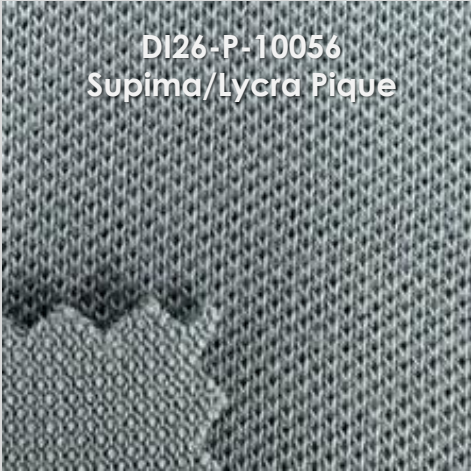

Pique Collection

With decades of expertise in piqué, we offers a comprehensive range spanning single and double piqué structures across diverse yarn compositions.

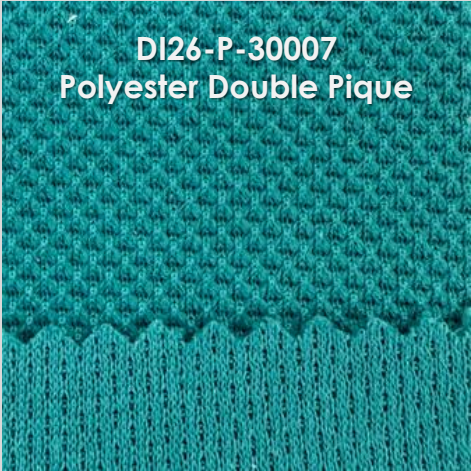

Trusted as a long-standing supplier to leading global polo brands, our piqué fabrics are recognized for their consistency, durability, and refined texture.
