

SELEKSIYON TEXTILES

ISTANBUL / TURKEY

Full Package Garment Manufacturer

HISTORY

Our journey began in 1978, fueled by a passion for crafting garments that blend quality, precision, and style. Starting as a small workshop, we focused on delivering exceptional craftsmanship, building trust with our first customers through meticulous attention to detail.

Innovation has always been at the heart of our evolution. By integrating new technologies and sustainable practices, we have remained ahead of industry trends, offering unparalleled quality and design. Along the way, we've celebrated key milestones, from major client partnerships to prestigious awards, reflecting our unwavering commitment to excellence.

WHAT WE DO

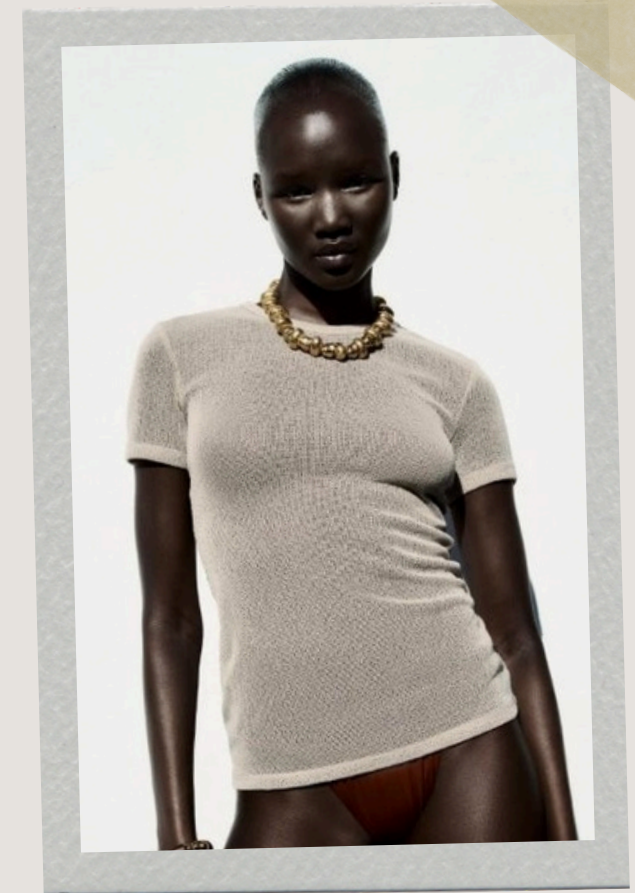

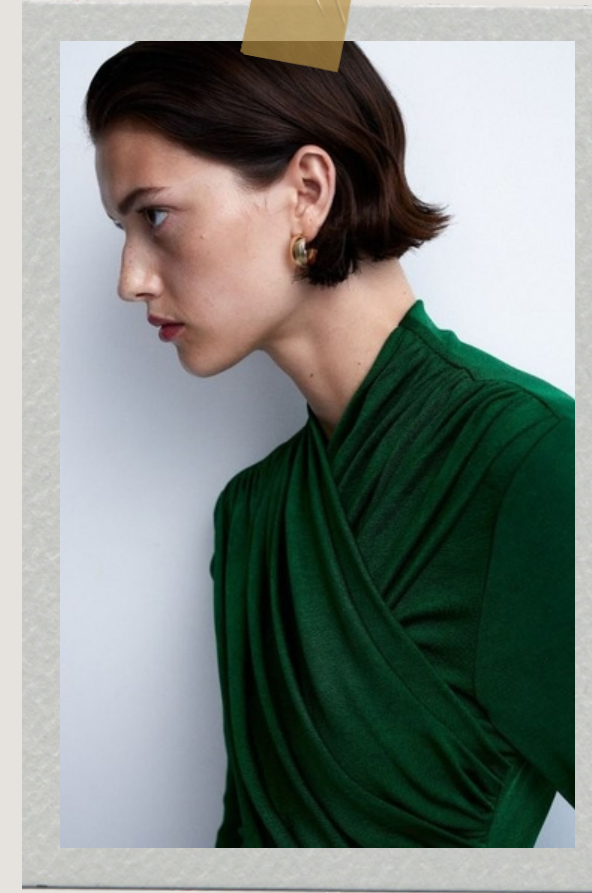

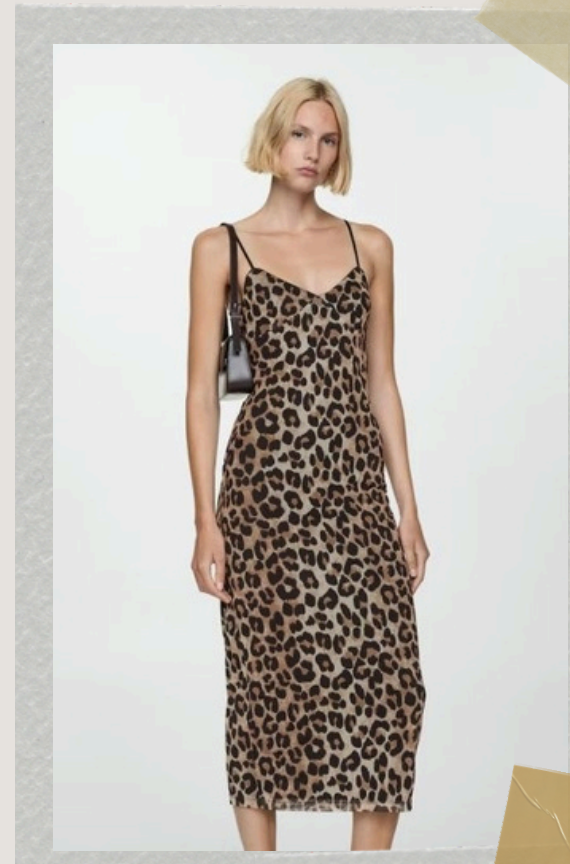

With over 40 years of experience in textile manufacturing and export, Seleksiyon is a trusted partner to many leading retail chains. We specialize in high-quality knit and woven garments, primarily in womenswear, tailored to meet the fast-changing demands of the global market.

As a full-service supplier, we manage the entire process from concept to finished product. Our services include development, sourcing, pricing, sampling, production, quality control, testing, packaging, and shipping—ensuring speed, consistency, and reliability at every step.

MADE TO PARTNER

We believe in working hand-in-hand with our clients, treating each project as a partnership. From concept to completion, we ensure open communication and shared goals to bring your vision to life. Together, we create garments that truly reflect your brand's identity.

Over the years, we have established ourselves as trusted key suppliers for numerous partners, reflecting our commitment to building strong, reliable relationships. This mindset is at the core of our company values, driving us to consistently deliver excellence.

We are proud to collaborate with premium, high-end, and luxury brands that demand exceptional standards. Working with these labels requires precision, consistency, and the ability to translate elevated design concepts into flawless garments. From sourcing exclusive fabrics to executing intricate details, we provide the craftsmanship and reliability that luxury fashion houses expect in every collection.

DESIGN EXCELLENCE

Creativity drives our process, blending artistry with functionality to craft unique designs. Our team of experienced designers transforms ideas into garments that stand out. Leveraging cutting-edge digital tools like Clo3D, we create detailed 3D designs that allow for precision and innovation, ensuring every piece is both trend-forward and meticulously crafted.

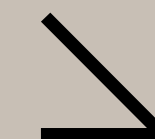

PIONEERING FABRIC INNOVATION

Fabric is the foundation of every great garment, and we invest in researching and sourcing the best materials. Whether it's exploring sustainable options or testing new technologies, our R&D ensures your garments are ahead of the curve. Innovation meets practicality in every fabric we choose.

LEAD TIME

We understand that today's fashion market operates on a fast, test-and-repeat model. That's why speed is a core part of our service—both in sampling and production. Our agile setup and experienced team allow us to respond quickly, helping our clients react to trends and bring products to market faster.

PRECISION IN EVERY THREAD

Perfection is in the details, and we don't compromise on quality. From precise cuts to flawless finishes, every garment reflects our commitment to craftsmanship. Productions go through rigorous inspections, ensuring each piece meets the highest industry standards before it reaches our clients.

SUSTAINABILITY

SUSTAINABLE RAW MATERIALS

Using organic, recycled, or low-impact fibers. 90% of our garment materials are sustainably sourced — and we're on track for 100%. We use Textile Genesis for traceability.

WATER & CHEMICAL MANAGEMENT

Treat wastewater effectively to prevent pollution by following industry standards like ZDHC. We follow our progress through Worldly FEM.

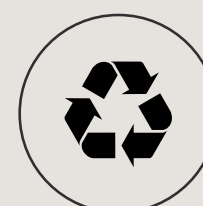

CIRCULAR ECONOMY & ZERO WASTE

Implemented fabric waste recycling programs for offcuts and leftover material.

RENEWABLE ENERGY USE

Utilize electricity generated exclusively from renewable energy. We use IREC to lower our carbon footprint.

SUSTAINABLE PACKAGING

Encouraging partners to replace plastic packaging with recyclable, compostable, or biodegradable materials.

SELEKSIYON TEXTILES

ETHICAL COMMITMENT

People are, without question, the most essential part of our company. We are deeply committed to treating every individual with respect, fairness, and dignity, both within our team and across our supply chain. Our ethical commitment goes beyond just business practices; it's about fostering a culture of inclusivity, empowering our workforce, and ensuring safe and fair working conditions for everyone involved.

As a result, we are proud to have teammates who have been with us for many years, contributing to our ongoing success and growth.

Production facilities of Seleksiyon are audited with regard to Social Adaptation and Conformity, Codes of Conduct, Health and Safety, Codes of Ethics according to international law.
