PLUG+PLAY

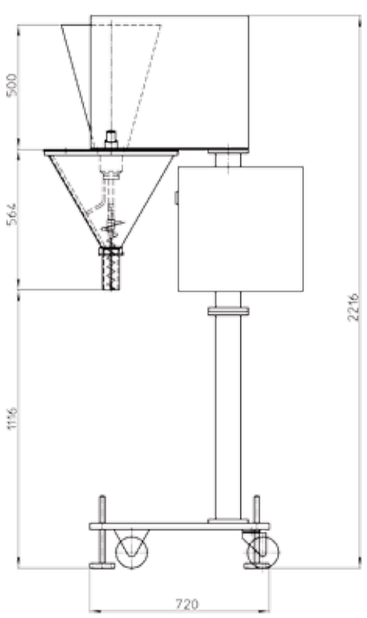

+ **cost savings** by **simple** self assembly

Easy + cleaning

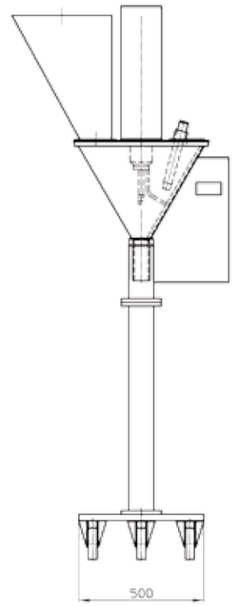

Easy and **practical** + handling

Dosing auger drive by **wear-free** + servo motor

+ Dosing range up to **30 kg**

Side view

Front view

Product leading metal parts in stainless steel; Dosing auger set compatible with OPTIMA SD2

Level control by capacitive sensor

Technical data	
Dosing range	10 g - 30 kg
Screw size	10-60 mm with variable length and pitch
Weight	240 kg

Technical details at a glance

+ Filling correction easy to configure using tendency procedure
+ Volume can be regulated by dynamic checkweigher tendency control
+ Synchronization interface to the filling machine
+ Product leading metal parts in stainless steel
+ Stable construction with integral control cabinet
+ Level control by capacitive sensor
