

CABINET of CURIOSITIES

de Le Cuona

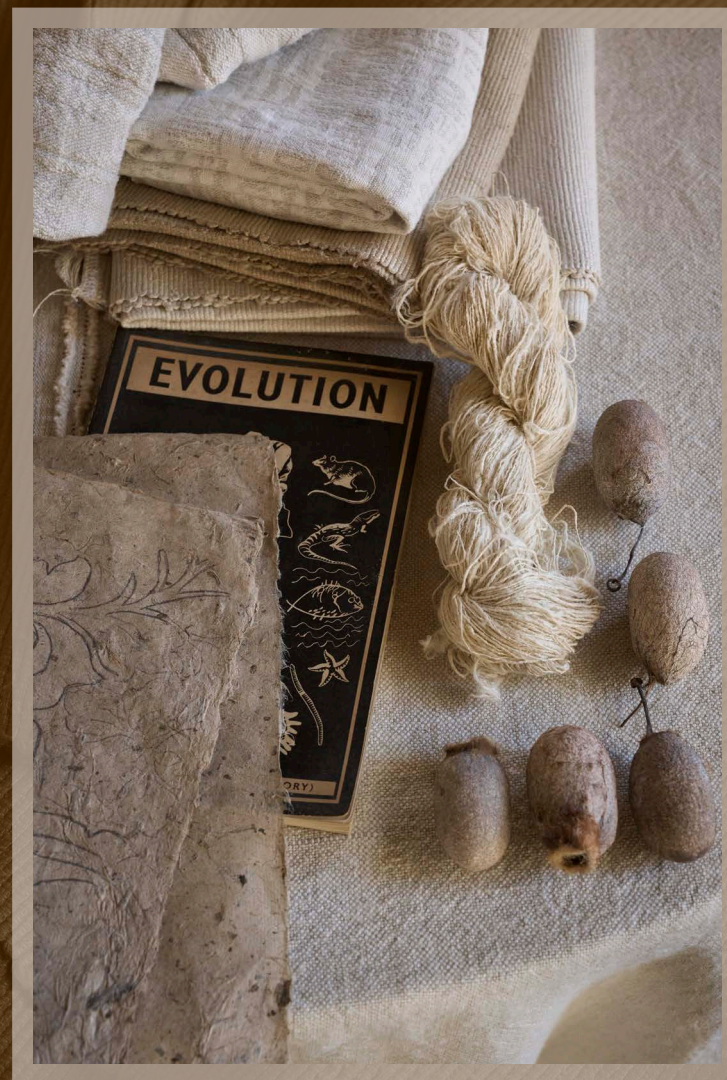

Open the...

CABINET of CURIOSITIES

... where you'll find ten eclectic textile designs that draw inspiration from treasures in museum archives, the art of collecting, and the thrill of archaeological discovery.

The curator and collector serve as our muse. The result is a collection of unique and often intricate textiles crafted with an array of artisanal techniques, including embossing, embroidery, and rare fil coupé that add layers of tactility.
