JOURNEY

Journey is a celebration of natural materials, fifty years in the making. This collection interprets the textures and craft traditions that have inspired Phillip Jeffries since our founding in 1976 through the warm, refined, global lens of modern interiors. Discover designs that marry Japanese and European artistry, like a first-of-its-kind embroidered raffia, a stunning grasscloth mosaic, and an ethereal landscape mural.

PHILLIP JEFFRIES

RAFFIA ATELIER

Cascading vines and dimensional florals are embroidered on handwoven natural raffia, capturing their graceful movement. With skill and precision, artisans meticulously inspect and finish each embroidered piece. Offered in five romantic neutrals.
