BIBELOT

1/2" DOUBLE WELT
8 COLORS

This decorative two-tone double welt adds a new twist to a classic trim. Used to add a finished, tailored look to sofas, chairs, headboards, and lamp shades; as well as to reinforce seams and edges for durability. The double welt provides a more permanent, polished appearance and is often seen in high end upholstery work.

DIALINK

Manmade Raffia is woven into this soft, supple tape to create the linked diamond motif.

HYLTON HOLDBACK

33" HOLDBACK
8 COLORS

Designed to elegantly fasten window draperies, bed canopy fabrics, and fabric room dividers.

KENILWORTH

3/8" CORD WITH TAPE
10 COLORS

In an effort to get a gentle ombre of color movement within this twisted and plied cord, a four-ply structure was selected instead of the more common three-ply. Additionally, a larger diameter was adopted as it reflects current tastes in fashion and design.

POMEROY

1 1/2" TAPE
6 COLORS

As with most collections, there is usually one spark that ignites the whole look – Pomeroy was that spark for the Heirloom Trimmings collection. Perfection in its simplicity, demure in size and noteworthy in texture; it exemplifies what passementerie can be and why its use has continued for centuries.

ROUSHAY

2" LOOP FRINGE

A mélange of colored yarn loops from a gently striped header that can be sewn atop a fabric or stitched inside a seam depending on the finish and desired look.

TALITA

3 1/4" TASSEL FRINGE

S.HARRIS
il Campo

il Campo

an Italian noun meaning “the field”

A study in simplicity, individuality, and presence
where every detail is considered.

Ideas move between shadow and surface, revealing
how perspective evolves and reflection brings clarity.

Our steps follow a steady alignment of heart
and mind.

il Campo exists within this balance—where ideas
break apart, shift, and form anew.

Here, design is guided by meaning
and intention.

Gentle sands and warm creams settle into grounded browns, shaped by time and touch. The palette carries the quiet strength of sun-worn terrain—natural, elemental, and enduring. A sense of calm emerges through subtle depth, where warmth feels steady and presence feels rooted.

Spring Awakening

Beneath a fresh pulse of cerulean, an unseen river moves outward, carrying warmth beneath the surface. Deep blues, glowing oranges, and muted purples trace the shifting horizon. The palette holds both movement and stillness — grounding the landscape as it prepares for renewal and the quiet arrival of spring.

Fire Storm

The land releases the day slowly,
radiating tones of warm cognac, softened greens,
and burnished shades of orange.

Light settles into a deep, quiet stillness,
where earthy hues brings balance and calm.

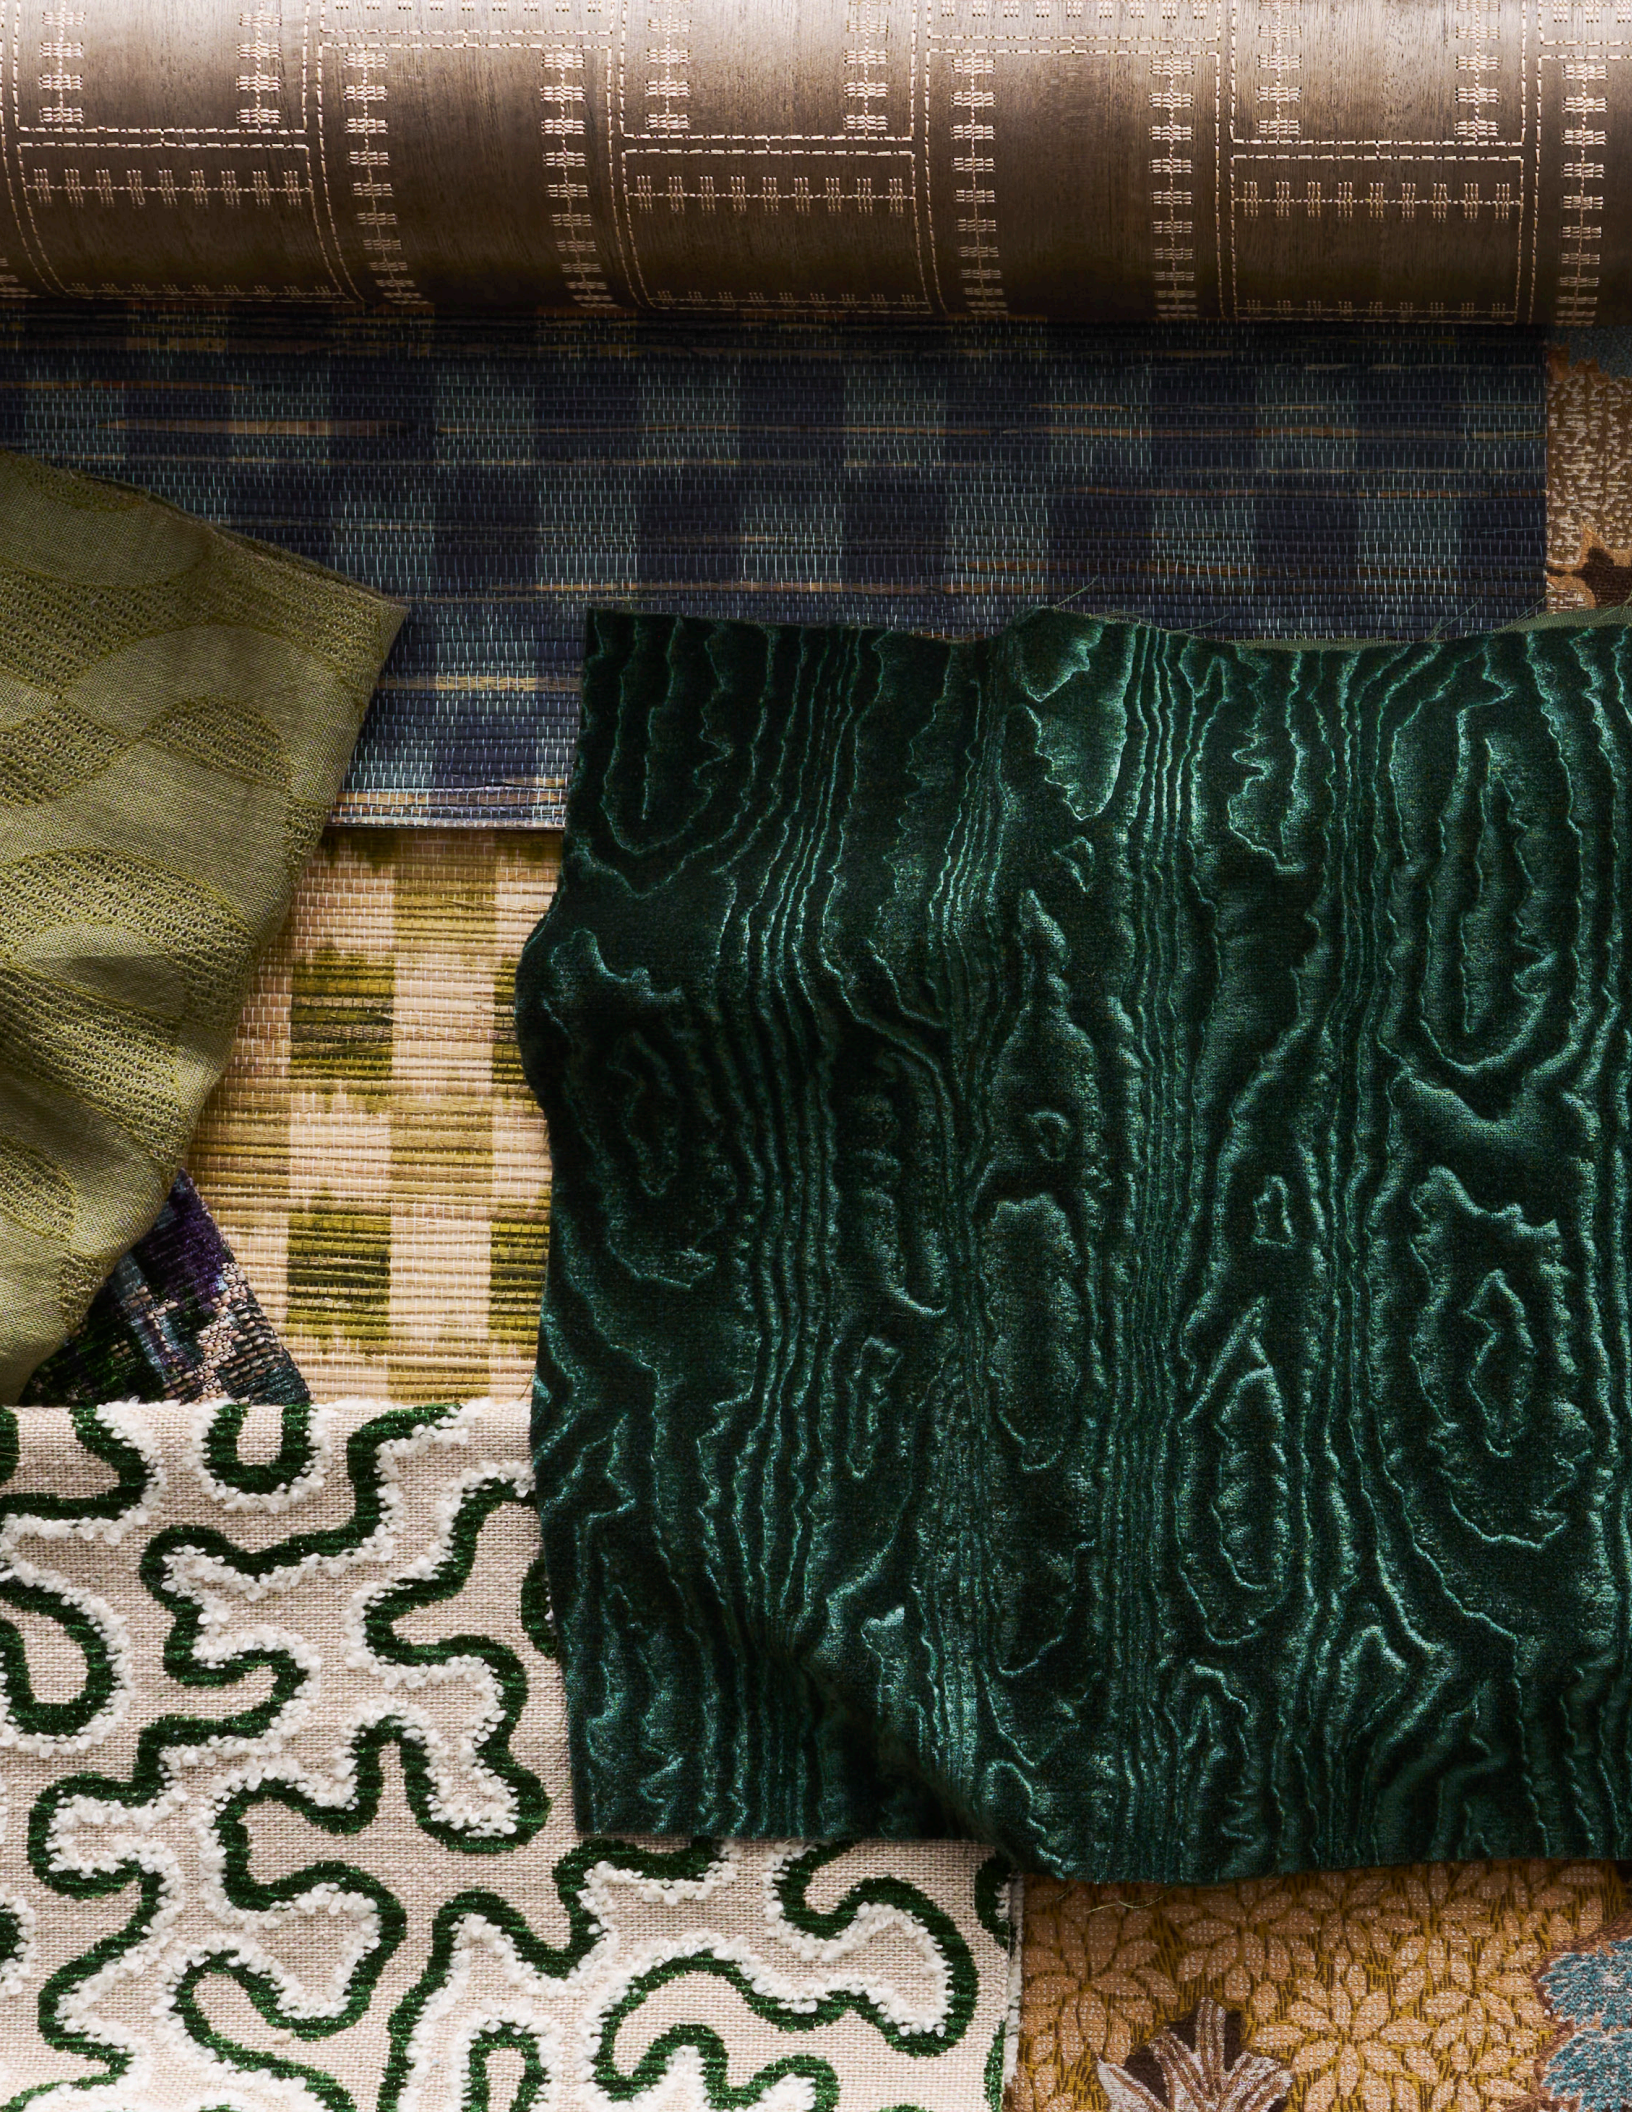

Verdant Forest

Green holds the palette alive with depth
and strength. Beneath it, a pulse of blue
moves outward, carrying shadows.

As the colors deepen, tones soften, and
the horizon shifts—balancing movement
and stillness as the landscape
turns toward spring.

Wallcoverings

Inspired by the quiet beauty of the countryside, Il Campo Wallcovering is a textural exploration of natural materials and refined design. The result is a layered, grounded aesthetic that feels both timeless and quietly sophisticated.
