## HOTEL CANOVAS

### A WORLD OF INSPIRATION AWAITS YOU

A selection of decorative prints and embroideries tell a well travelled story, where East Asian influences come to life in the hotel salons through inky tiger prints and a wall hanging inspired by the artistry of historic Chinese paintings. These are paired with sumptuous velvets throughout the suites and 'le bar à cocktails', creating a characterful and intimate boutique experience.

Set amid olive groves and Provençal rustic charm, 'La Terrace' is dressed in chic performance fabrics, with striking motifs such as animated water dragons, bringing a sense of romance and adventure to the outdoors.
