ART IN CONTEXT

Private clients • businesses • property developers • municipalities • institutions • events

PRIVATE CLIENT - LITTLE ITALY, NY

Custom artwork created for a private living space.

BUSINESS - AERA RECEPTION

A bespoke creation inspired by the company's visual identity.

MUNICIPALITY - BIWER

A panoramic mural integrated into the architecture.

PRIVATE CLIENT - LIFT DOOR

A bespoke artwork transforming a private lift door into an integral part of the living space.

BUSINESS - CONFERENCE ROOM

A panoramic artwork designed around the room's scale, sight lines and perspective.

EVENT - CUSTOM CONSTRUCTION SITE BANNERS

Artistic construction banners transforming a building site into a distinctive and engaging visual environment.

INSTITUTION - RADIOTHERAPY CENTRE FRANÇOIS BACLESSE

Commissioned following the François Baclesse Centre's 2024 call for artists.

Four digital artworks created for treatment corridors and designed to meet healthcare hygiene requirements.

SOPHIA REIN

I create site-specific photo-paintings and bespoke artworks for private clients, businesses, property developers, municipalities and institutions.

Each project begins with original photography and evolves through digital and mixed-media techniques. The artwork is developed to reflect the identity of the place while responding to its architectural and technical requirements.
